

VISION AND MISSION

Vision :

- To be a leading educational organization imparting holistic education to help students become responsible world citizens who are sensitive to the needs of the society.
- To build a centre of global excellence in quality Ayurveda education by preserving, propagating and developing evidence based knowledge of the disease through quality teaching, medical care, training, research and link between tradition, science and technology to focus on the potential inherent for future.

Mission :

- To develop a community of students and academicians who are a part of world class education system which is developed in a manner which supports the intellectual, professional and moral growth of the students leading to advancement of human knowledge through enterprising research.
- Trapping the hidden potentials of the young generation minds by establishment of the facts of the disease through evidence. The college aims a transforming the world of Ayurveda through quality education, approachable, accessible, appropriate, affordable, accountable and appreciable service in classroom teaching, clinical training and research, so that the commitment to centre of excellence is achieved.
